

VTT N° 69 Tour de Saint-Pée

OLORON-SAINTE-MARIE

MOUNTAIN BIKE

This is a loop that keeps its cards close to its chest! The first section is fairly nice and smooth but the fun really starts at the top of the woods. A long section on a narrow path that winds between the trees requires a sense of balance. Ideal for all the family!

À ne pas manquer

- **Firing hill.** The shooting hill is an old military training site.
- **Camp de César.** Camp de César is at the top of the St-Pée de Haut Woods. It's easy to reach on foot and on mountain bike.
- **Noir Bridge.** At the Noir Bridge there's a play area, picnic area and park with very special cows.

Étapes

Step 1. **St-Pée at the bottom.** Go past the campsite and fork right at the junction. Cross the D919 and watch the traffic (poor visibility). Continue straight on and ride to a T-junction. Go right, pass the church and go on the pebbly downhill path just before a farm.

Step 2. **Noir Bridge.** As you approach the stream, veer right onto a trail. Go on the right-hand trail and keep right as you pass a health trail and wildlife park. Reach the car park on the left and cross the Noir Bridge. Ride on the left-hand trail.

Step 4. **Sanguinat.** Take the path that veers left then, when you leave it, follow the trail between two pistes. Ride on the single track and reach a path, cross the bridge and go straight on. Come out onto a piste.

Step 5. **Les Barthes.** Turn left then, a little further along in a hairpin bend, take a path on the right. Cross a piste and carry on slightly on the left. Cross the damp area with bridges and reach a road. Ride straight on until the Oloron road.
